Sub-regional Resolution

Ancestry Composition tells you what percent of your DNA comes from each of 31 populations worldwide. This analysis includes DNA you received from all of your recent ancestors, on both sides of your family. The results reflect where your ancestors lived before the widespread migrations of the past few hundred years.

99.9%	European
	Northern European
24.9%	British & Irish
19.4%	French & German
1.4%	Scandinavian
